

ANDORRA

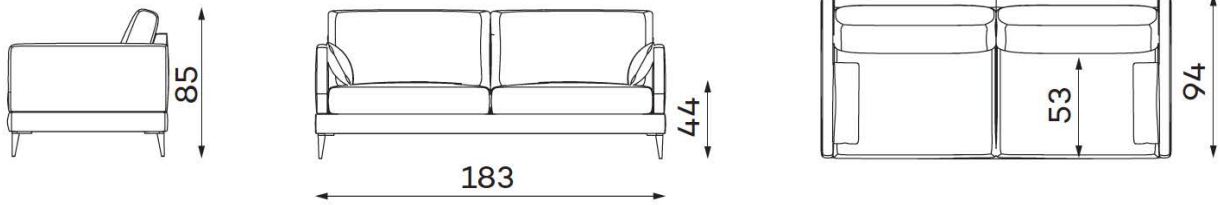

Andorra is a fabric sofa that radiates elegance and exclusivity. A stylish sofa with high comfort and quality. Andorra looks elegant from every perspective. Its harmonious, slightly rounded shapes and narrow sides will perfectly harmonize with interiors in various styles. The upholstered back lets you put the sofa in the middle of the room.

The seat cushions consist of foam with high density which keeps the strength and elasticity of the cushions and prevents deformation. The back cushions are made of high-quality synthetic fiber. This filling ensures maximum comfort.

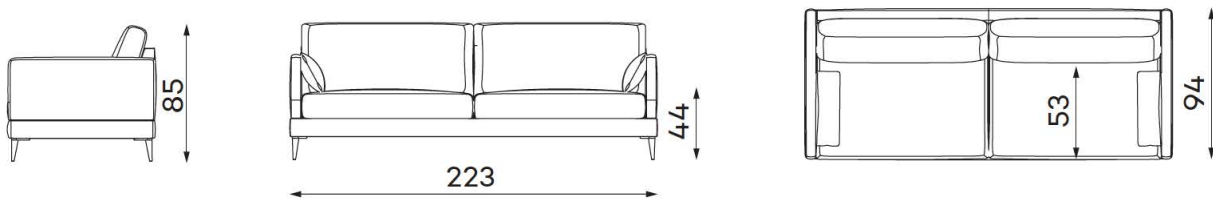

INFORMATION

- Upholstered back of use in the middle of a room.

FABRIC

Andorra is available in different qualities and several colours. Please contact info@artwood.se for more information.

FILLING/FRAME

The seat cushions consist of foam with high density, which keeps the strength and elasticity of the cushions and prevents deformation. The back cushions are made of high-quality synthetic fiber. This filling ensures maximum comfort.

The sofas frame consists of solid wood, plywood and nozag springs. Legs in black metal.

MAINTENANCE

Furniture that is placed in direct sunlight risks fading. Turn pillows regularly to maintain their shape and appearance. It is necessary to regularly puff up and shake the pillows lightly to distribute the filling.

Vacuum the furniture regularly. Dust and fibres from carpets and decorative pillows as well as hair from pets can cause pilling of the fabric.

Treat with a textile impregnation to keep the furniture nicer for longer and more resistant to stains and dirt. We recommend our "Textile Clean & Protect".

Dry cleaning is recommended.
